This is a memorandum to Councilman Kevin D. Felder
 Dear Councilman Felder:

You called me this afternoon to request that EPA send a representative to your community meeting next week to discuss citizen concerns about the Lane Plating Superfund site. As indicated by Mr. Mekeel of my staff, we cannot commit to attending the meeting due to the shortness of time, the holidays, and out of state travel schedules for managers. I offered to provide a written response to the questions that you had received before your meeting. I also offered to have project team members, managers, or myself personally, to meet with community members in the month of December. If there is a date in December that would be appropriate for you, please let me or Mr. Mekeel know.

Sincerely
 Carl E. Edlund P.E., Director
 Superfund Division
 EPA Region 6

Hi Elena,

Due to a shortage of staff availability from the holiday weekend and a quick turnaround time, EPA will not be available next week to attend the meeting. We can, however, provide written responses to the questions Councilman Felder has for us. We would also like to offer our availability for another meeting should the opportunity arise in December, or after the new year.

We will have the response answers to the Councilman's questions soon.

Thanks,

-Ed-
